

"SIX PACK" DESIGNED BY SUE BERKER © 2009 All Rights Reserved

Step 1: Cut two pieces of cardstock 9 ½" x 6 ¼". Score at 1 ¼" on 3 sides. Note position of left edge of paper.

Step 2: Turn and score at 6 ¼" to side score line as shown. Score opposite side the same. This is so you can then cut out a panel that will be the same on both sides.

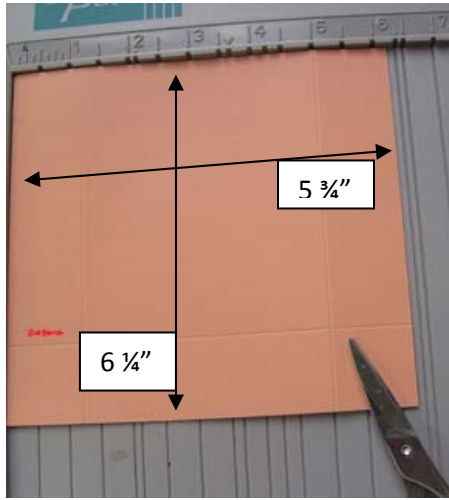

Step 3: Cut away panel along sides as shown. Cut in on bottom as shown to form tabs.

Step 4: Fold on scored lines.

Step 5: Adhere with sticky tape (I use Scor-Tape and love it).

Step 6: Cut two pieces of cardstock $6\frac{1}{4}'' \times 5\frac{3}{4}''$. Score at $1\frac{1}{4}''$ on three sides as shown. Cut on score lines along bottom for tabs on each side.

Step 7: Apply Scor-Tape as shown.

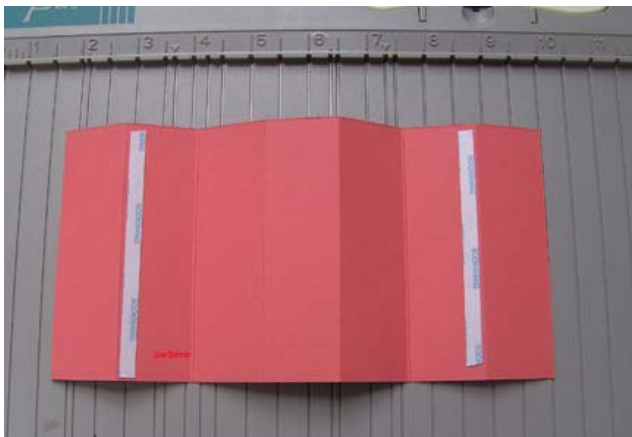

Step 8: Adhere front to back on the sides and bottom.

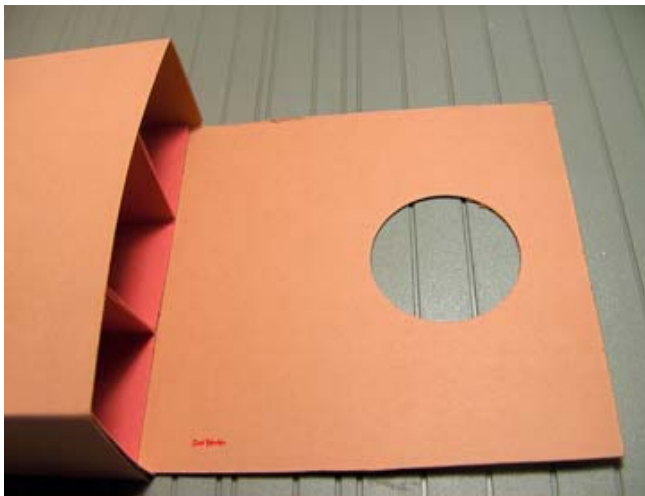

Step 9: Cut two pieces of cardstock $8\frac{3}{4}$ " x $4\frac{1}{2}$ ". Score at $1\frac{1}{4}$ ", $2\frac{1}{2}$ ", $3\frac{3}{4}$ ", 5 ", $6\frac{1}{4}$ ", $7\frac{1}{2}$ ". Move the left edge of paper back and forth to make these score lines. Fold one up and one down, making hills and valleys on both.

Step 10: Apply Scor-Tape as shown, along score lines of second panel of each side.

Step 11: Adhere together as shown and slip inside container.

Step 12: Punch a circle or rectangle or oval for a handle. I also punched the corners with the corner-rounder.

Step 13: Adhere the two containers together with sticky tape, as shown. Decorate and fill as you wish.
