

"BABY CARRIAGE" DESIGNED BY SUE BERKER© 2009 All Rights Reserved

Supplies:

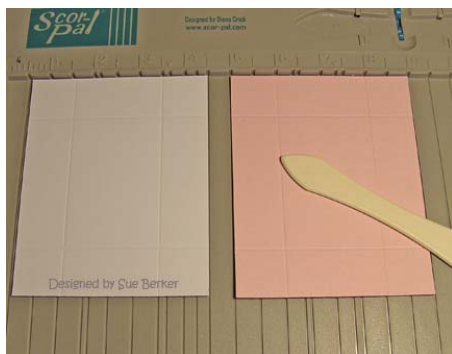

Scor-Pal®
Scor-Tape™
One piece of 4" x 5" cardstock
One piece of 3 15/16" x 4 15/16" cardstock
One piece of 4" x 1/4" cardstock (handle)
Cardstock for wheels
Embellishments as desired
Round punches

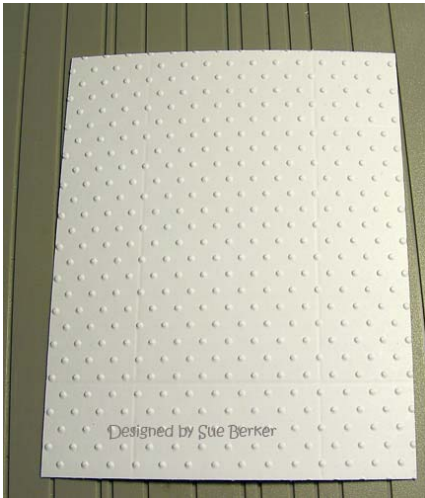

Step 1: Cut the two pieces of cardstock, pink 4" x 5", white 3 15/16" x 4 15/16"

Step 2: Score both pieces of cardstock at 1" on all sides

Step 3: If you wish to dry emboss the cardstock that will line the inside of the carriage, do it next.

Step 4: Cut in at four places on both pieces of cardstock and adhere Scor-Tape as shown:

Step 5: Fold on score lines and adhere together. Be sure you have your tabs for the lining on the **outside** of the box.

Step 6: Insert lining into box to make sure it fits.

Step 7: Cut either a round circle or oval for the carriage hood. I used my largest Nestie oval. Cut 1/3 of it away.

Step 8: Using the larger piece of the oval, punch holes on ends and attach it to the carriage with brads:

Step 9: Insert lining back into carriage box

Step 10: Put adhesive on ends of 4" x 1/4" piece of cardstock and stick in-between lining and box for handle:

Step 11:

Assemble the wheels and adhere to carriage. Finish off with embellishments.
