

"Create your own patterned paper using your Scor-Pal®

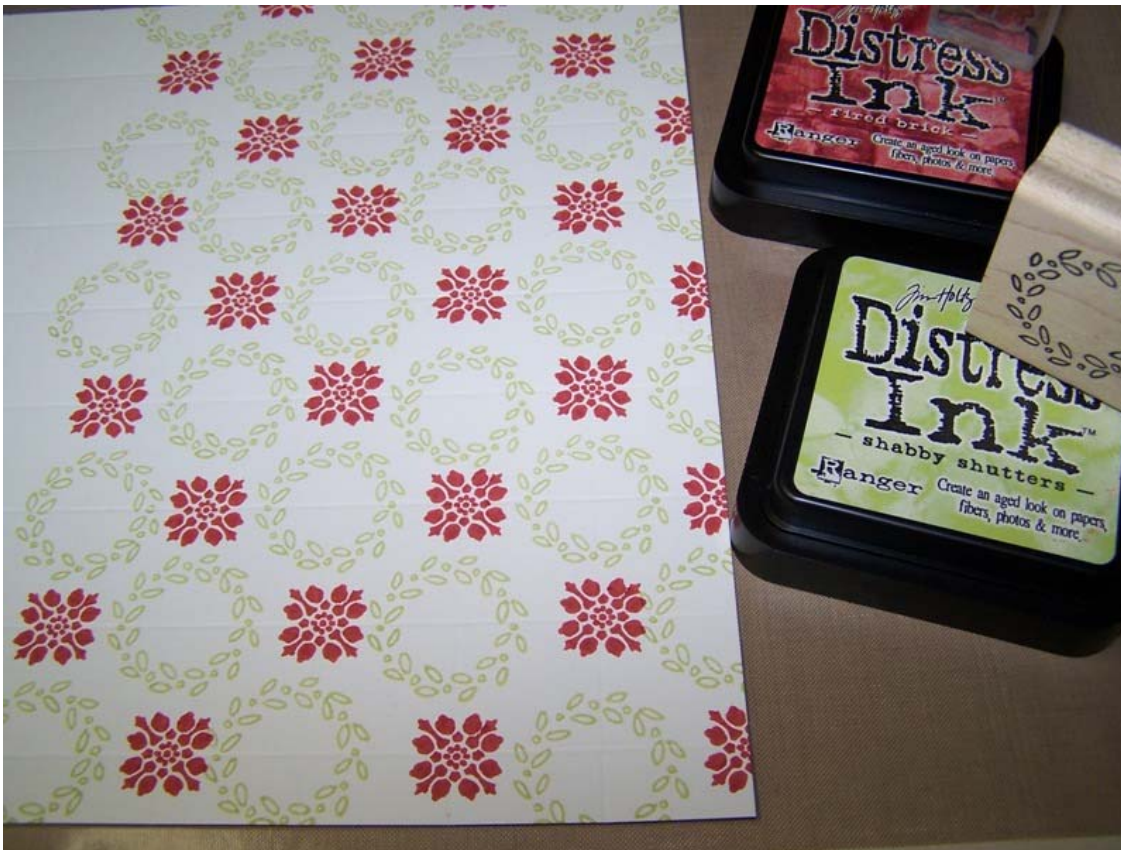

Supplies:

Scor-Pal®
8 ½" x 11" White cardstock
Ranger distress ink: Fired brick, Shabby shutters
Fontwerks Signature Flowers stamp
Rosie's Roadshow Wreath stamp
SU Ruby Red Stampin Write marker

Step 1: Score at every inch in one direction. Rotate your paper 90 degrees and score every inch to create a 1" grid.

Step 2: Center your image where the lines intersect **+**, offsetting every other row. This is done on the de-bossed side (indentations). Refer to photo.

Step 3: Stamp your second image in between. Refer to photo.

Step 4: Embellish your images further if you wish. I used a SU Ruby Red marker outline the berries on the wreaths.

It is very easy to create your own special works of art original, one of a kind patterned paper.
