

# Criss Cross Card: Beate Johns © 2007 All Rights Reserved

## Supplies:

- 8-1/2" x 11" card stock
- Card stock for insert
- Scor-Tape™
- Coordinating decorator paper
- Scor-Pal®

## Step 1:

Cut one sheet of 8-1/2" x 11" solid cardstock in half lengthwise. You'll use both pieces. Score each piece in half at 5-1/2". Lay out horizontally.

## Step 2:

Glue one 5-1/2" portion of one piece to a second 5-1/2" portion of the other piece of cardstock. You will end up with one long tri-fold card with the glued double layer in the middle.

## Step 3:

Cut each side at an angle.....these will fold over in a criss cross fashion onto the middle section.

If you want patterned paper on the fold over portions, cut two 4-1/4" x 5-1/2" pieces of patterned paper in half at a diagonal. You will use one piece from each rectangle.

**Step 4:**

Adhere the pocket together, place one strip of Scor-Tape™ (Sticky Strip shown in photo) along the bottom of the middle portion. Peel off and fold over one side flap to stick down. Then place another portion of sticky strip on the flap you just adhered. Peel off and stick down. Now you have the pocket!

**Step 5:**

You can fill the pocket with a card insert or make tag type inserts.

**Step 6:**

A Belly Band is optional.
