Supplies:

Scor Pal®

Cardstock

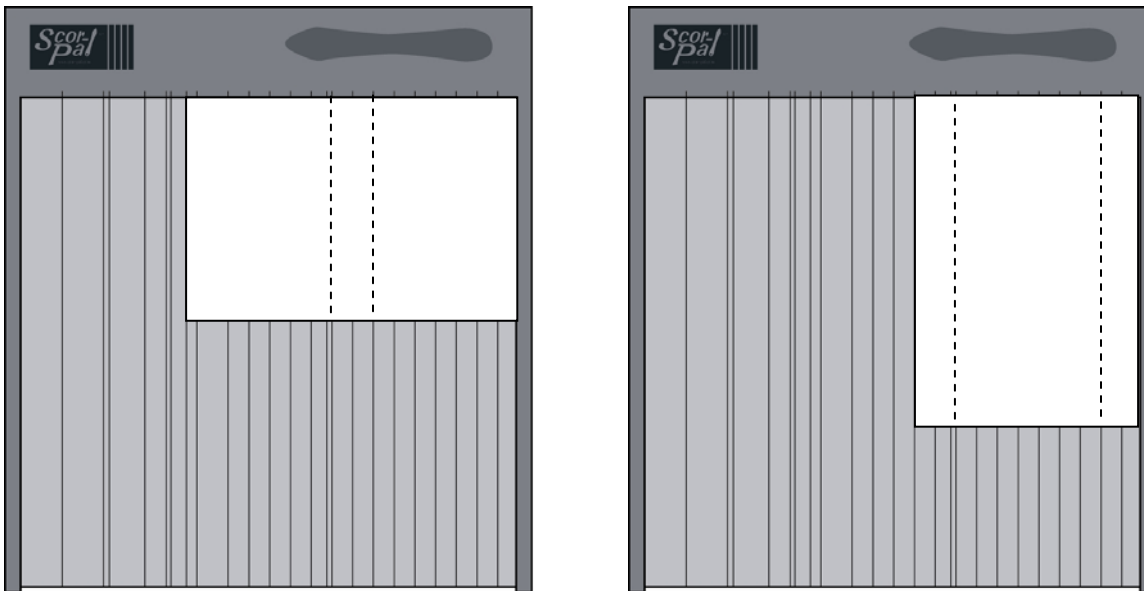

Bone Folder

“Scor-Tape™” (sold in our online store, amazing stuff!)

Misc: ribbon, brads, or what ever you wish to use as decorations for your box.

Step 1:

Cut your cardstock 8” x 5 1/2” for the base of your box.

Step 2: Lay your paper with the 8” side at the top fence and right fence.
Score at 7 ½ “and 8 ½ “.

Step 3: With your 5-1/2” side at the top fence and right fence, score at 7 ½ “and 11”.

Step 4: Fold all of your scored lines using your score pal tool so you have sharp creases.

Step 5 and 5A:

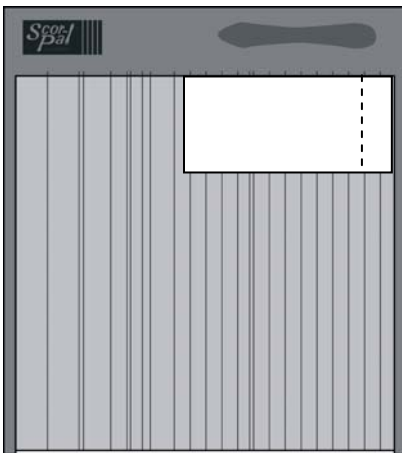

Cut on the lines as indicated in the following two photos.

Depending on the decorations you use now is the time to decorate the front of your box. If you are using Stickers from any of the Simply Scrappin' kits, you can wait to do your box front.

Step 6:

Place Scor-Tape™ (Sticky Strip shown) on both sides of one end of the box. Carefully adhere together.

Step 7:

Cut your box top $3 \frac{1}{8}$ " x $5 \frac{5}{8}$ " (use a different color of cardstock if desired). Score all four sides at 1".

Step 8:

Crease all scored lines using your Score Pal Tool. Cut your top the same as your bottom referring back to step #5. **DO NOT CUT THE MIDDLE FLAPS TO A POINT.** Tape your lid together and decorate as desired.

This box was made using the Secret Garden Simply Scrappin' Kit. When making your cards to go inside, cut them 6" by 3" then fold in half to make your 3" x 3" card.

These were made using other Designer Series papers.
