**Step 1:**

Align the 8 1/2" length of the cardstock printed side up on your Scor-Pal® at the 1" mark. Score at 3 1/2", 4" and again at 6 1/2" and 7".

**Step 2:**

Crease cardstock along the scored lines. Use your scalloped scissors to cut along the 5 1/2" side of the scored cardstock. This will be the top flap of your candy wrapper. Stamp your greeting on the bottom 1/3 of wrapper.

**Step 3:**

Peel paper off one magnetic snap. Place the snap on the inside of the top scalloped flap. Place the corresponding snap on top of the first snap. Peel off the paper and press firmly onto the bottom flap. This will insure an even placement.

**Step 4:** Stamp greeting on the border strip. Attach eyelets using the Crop-a-Dile. Attach border strip with Scor-Tape™ or tie ribbon to the front flap. Punch out scalloped circles, pierce the scalloped edges and glitter scallops, if desired. Stamp image onto the smaller of the two circles. Color image as desired, embellish with Micro-Fine glitter. Tape scallops together, adhere to front flap.
